

# WHY HIRE AN NKBA PROFESSIONAL

Everyone wants to hire the best professionals to get their renovation done right. You get recommendations, check references and start shopping for designers and remodelers. But there's one more important qualification you should seek in the selection process: Finding a professional who's a member of the NKBA!

## JOINING THE NKBA GIVES A KITCHEN AND BATH PROFESSIONAL ACCESS TO:

### LOCAL CHAPTER OFFERS:

- Ongoing Education and Professional Development Opportunities
- Networking with other trade professionals
- Opportunity to see many products up close
- Leadership opportunities

### MEMBER-ONLY ACCESS TO:

- Up-to-date research on industry and design trends
- NKBA Professional Certifications
- Opportunities to advance in their field

### ATTENDANCE AT KBIS, NKBA'S MASSIVE TRADE SHOW, COVERING MORE THAN 400,000 SQUARE FEET, WHERE PROFESSIONALS HAVE ADDITIONAL OPPORTUNITIES FOR:

- Product Demos
- News about the latest products, designs and technologies for the smart home
- Ongoing educational opportunities to help them stay on the cutting edge of the industry

## WHY HIRE AN NKBA CERTIFIED DESIGNER?

NKBA Certified Designers are nationally recognized as experts, and set the standard for professionals in all aspects of kitchen and bath design and remodeling.

Through rigorous NKBA examinations, they have demonstrated a thorough knowledge of residential construction, mechanical and electrical systems, and the critical ability to communicate these plans to contractors, technicians and installers. They plan spaces accounting for items such as door interference, work aisles, seating clearance, appliance placement, and of course, comply with all safety standards.

NKBA Certified Designers also have proven staying power, as certification requires several years of bona fide work experience in the field, and continuing education to maintain this professional status.

IS YOUR DESIGNER/REMODELER KEEPING UP WITH THE LATEST IN PROFESSIONAL DEVELOPMENT?

*Don't forget to ask...*
