

## Academic Software for NKBA Schools & Students

Chief Architect is committed to helping with education in the fields of design and architecture. For all accredited academic institutions, including those with the NKBA, Chief Architect offers education discounted software \$95/seat. The same educational prices are available for students. Learn more at [www.chiefarchitect.com/academic](http://www.chiefarchitect.com/academic).

## NKBA Education Resources

Chief Architect Software was used to illustrate the NKBA Guidelines, NKBA Study Guides and curriculum for the CKBD exam. You will find the Study Guide sample plans and the CKBD exam plan template plus a how-to video in taking the exam using Chief Architect software. To take advantage of the free NKBA resources, see [www.chiefarchitect.com/NKBA](http://www.chiefarchitect.com/NKBA).
